

Dear Friends,

We're excited to share some family news with you as well as a few prayer requests.

Last week Anna was sworn in as a firefighter/paramedic at her new job at the Fairborn Fire Dept in greater Dayton, Ohio! She is so gifted in this and we are proud of her for her hard work going through both paramedic school and fire training and her patience in working at various departments the last few years. We thank the Lord for providing this job and look forward to hearing how he uses her in the lives of others. (Goran got to hand her helmet to her during the ceremony!)

Seth and Kelly are doing great; Seth is gearing up for mulching season in his business and Kelly continues to work as a nurse in the ER, enjoying the chance to care for patients of all ages.

Katie is finishing up her master's degree in child psychology and will graduate in May. In addition to all of her studying, internship, and work, she ran the Twin Cities marathon!

We celebrated 32 years of marriage last month, and we'll both be in Brazil April 1-11 on a ministry trip. Please pray for the training Goran will be doing over Easter weekend and for our time with brothers and sisters there. Candidates from Chile, Venezuela and various parts of Brazil will be in attendance.

Ambassadors Europe is in need of prayer.

1. In Slovakia, Lukas and Lydia left Ambassadors ministry after 8 years of serving. We are thankful for their faithful partnership over the years; they will continue to serve in their local church. Please pray for the transition and for pastor Stevo as he potentially steps into the leadership role. It has been challenging to bring the board of directors together.

2. In Holland, Jacob and Marjan left Ambassadors ministry after 7 years of serving. They started a new ministry in Holland and will continue to share the gospel through sports. Over the years ministry teams from Holland have been a huge blessing to the ministries in Eastern Europe, especially in Serbia, Croatia and Albania. We are so thankful for their dedication and passion for the work across the Europe.

3. In Italy, Davide and Elena moved from the city of Lodi in the north closer to Rome, and the leader who assumed responsibility for the ministry had to step away due to a moral failure. Please pray for wisdom for Pastor Genaro, the denominational leaders and everyone involved.

Thank you, dear friends, for reading and for praying with us about these things. We know God sees and knows and is at work, and nothing will stop the progress of Christ building his church!

We are thankful for you!
With love,

Goran & Beth
